

Four ceramic vases are arranged on a large, light-colored marble tile with a complex, wavy pattern of beige and cream veins. The tile is part of a larger floor layout, with dark grey grout lines forming a grid. Three small, white, teardrop-shaped vases with different textures (one with a grid pattern, one with vertical ridges, and one with a smooth surface) are positioned to the left of a larger, smooth, tan-colored vase. The vases are reflected on the glossy surface of the tile.

*Timeless and stunning designs
for the surface!*
